DR. J. COLLIS BROWNE'S

(Ex Army Medical Staff.)

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See *Times*, July, 12, 1864.

The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretionsof the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—diphtheria, fever, croup, ague.

CHLORODYNE acts like a charm in diarrhœa and is the only specific in cholera and dysentery.

CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms.

CHLORODYNE is the only palliative in neuralgia, rheumatism, gout, cancer, toothache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was CHLORODYNE. *See Lancet*, Dec. 31, 1864.

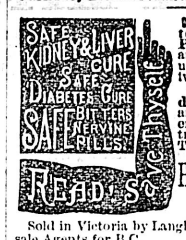

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—"CHLORODYNE is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports (December, 1865) that in nearly every case of Cholera in which Dr. J. COLLIS BROWNE'S CHLORODYNE was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

See leading article, *Pharmaceutical Journal*, Aug. 1, 1859, which states that Dr. J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION.—None genuine without the words "Dr J. COLLIS BROWNE" on the Government Stamp. Overwhelming medical testimony accompanies each bottle Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London.
Sold in bottles at 1s. 1½d., 2s. 9., 4s 6d. and 11s.

DR. SPINNEY & CO'S DISPENSARY,

No. 11 KEARNEY STREET, SAN FRANCISCO.

DR. SPINNEY, well known as the founder of the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN

Remember that procrastination is the thief of me so

COME AND BE HEALED!

It matters not what you troubles may be come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case.

If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

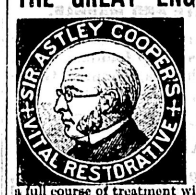

Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

P. S.—For diseases of short standing a full course of medicines, sufficient for a cure, with all instructions, will be sent to any address on receipt of $10.00

CHARLES WILSON,
se6dw Secretary, Barkerville, B.C.

TO THE SHAREHOLDERS OF THE

QUESNELLE QUARTZ MINING COMPANY (LIMITED.)

THE DIRECTORS OF THE QUESNELLE QUARTZ Mining Company at the end of their term of office submit the following report for your consideration:—

During the mining season of 1879 a shaft was sunk on No. 2 location to a depth of 114 feet from the surface, the size of the shaft being 7 ft. by 3½ ft. in the clear. The shaft runs through rock which had to be blasted the entire distance; it has been thoroughly timbered throughout and is secure and commodious.

At 100 ft. from the surface a cross-drive 5 ft. by 3½ ft. in the clear was run. At a distance of 33 ft. from the shaft it cut into a body of quartz, on which a level was run 20 ft. The quartz extracted was found to be much broken and mixed with bedrock, doubtless caused by the movement of the country rock which has apparently broken and disintegrated the vein at that level.

A 5-stamp quartz mill has been purchased and erected, the cost of which was greatly enhanced by the unavoidable expense and difficulty attached to moving heavy machinery for a distance of 30 miles through a rough country where no roads or trails existed.

Forty tons of quartz were worked in the mill producing 108 ounces of bullion, which sold for $1250 67.

Good and substantial buildings have been erected over all the works.

The directors are of opinion that it is advisable to sink the shaft at least 200 ft. deeper before running any cross-drifts. To accomplish this it will be necessary to place steam power on the mine; they therefore recommend that the funds of the Company be first devoted to that purpose and that arrangements be made for the purchase of engine and pumps of the requisite capacity and to place them on the ground with as little delay as possible.

The improvements made by the Dominion Government in the Cottonwood Canon will enable boats capable of carrying machinery to reach a point within 9 miles of the mine; a road thence to the mine could be constructed, which would enable machinery to be placed on the ground at a reasonable cost.

The accounts of the Company have been carefully audited; an abstract thereof is herewith given:

From the foregoing it will be seen that there are debts or liabilities owing by the company.

The property of the company is estimated at $10,346 46, a value that would not exceed the cost of replacing it under favorable circumstances.

Since work was suspended last fall everything at the mine has been under the charge of a caretaker at an expense of $75, the only other expense incurred during the last winter being those necessary for advertising, etc, the secretary having performed the duties of his office without remuneration. Neither the auditors nor directors are or were under pay at any time.

INSURANCE.

ROYAL INSURANCE COMPANY, LIVERPOOL AND LONDON.

ANNUAL MEETING.

THE SHAREHOLDERS OF THE COMPANY held their Annual Meeting on the 6th inst., and as has been customary in previous years, it affords me much pleasure to indicate on this occasion the prominent features of the very satisfactory report which the Directors were enabled to render of our transactions during the past year. It will, I am sure, be gratifying to our agents to know that the success which has hitherto characterized the operations of the "Royal" continues unabated—a fact which will be appreciated at once on a perusal of the following brief resume of the figures appearing in the report.

In the FIRE BRANCH the net premium income amounted to £779,318, and a profit has been realized of £142,140. The aggregate of premium received in the LIFE BRANCH amounted to £247,194, and as the result of the quiquennial investigation which has just taken place in this department a handsome surplus was found to have accrued for division amongst the assured and the shareholders, of which the proportion (3ths) payable to the policy-holders is £238,213, the balance, say, £79,404, going to the shareholders.

The funds of the Company have at the same time been materially strengthened, the sum of £100,000 having been added to the general reserve fund and £50,708 to the Life Funds, while the balance at the credit of the Profit and Loss Account has been augmented by £51,727.

The Dividend granted to the Shareholders amounted to £120,643, or upwards of 41 per cent. on the paid up capital, and the various funds of the Company now stand as follows:—

Capital Paid up	£ 289,545
Fire Fund	600,000
Reserve Fund	900,000
Balance of Profit and Loss	121,434
Life Funds	2,449,615
	£4,230,595

It will be interesting to our Agents to learn that the "Royal" is now the wealthiest known Fire Insurance Company in the world, and this circumstance will doubtless constitute a powerful assistance to each of its representatives in their efforts not only to maintain, but to improve the position which it occupies in their respective districts.

I am, dear sir, yours truly,
DIGBY JOHNSON,
Sub-Manager.

"DOST LIKE THE PICTURE?"

It is with no pleasant feeling that we chronicle the upsetting of another government measure, *i. e.* the Lien Act. When we consider the degrading spectacle presented to the outside world of persons occupying the highest positions in the land, presumably the *creme de la creme* of the intellectual society of British Columbia, incapable of performing the merest routine of governmental duty, we are almost inclined to ask if responsible government, as applied to this Province, is not (as its enemies claim) a failure? Not a legal measure passed at the instance of the present body politic has so far been upheld when challenged in the courts of the province; no less than five local acts have been disallowed at Ottawa, and not a public prosecution of any importance has been conducted which has not resulted in a failure of justice. We would gladly maintain silence and avoid the reproach which the nonfeasance and misfeasance of our rulers must inevitably draw upon our people; but duty requires that the shameful incapacity of the present occupants of office should be constantly kept before the public and not suffered to pass into oblivion, so that when the people have again the opportunity they may relieve themselves of the disgrace which at present rests upon them of having selected so imbecile and shallow a trio as that which now infests the treasury benches. We propose at present only to refer to some of their legislative bulls. Other blunders—the name of which is legion—in other departments we leave for future remark: The attempt of the government to hoodwink the workingman by passing the Chinese tax bill, which, as remarked by one of the San Francisco papers, was so drastic in its form as to ensure its disallowance, and the declaration of the courts of its unconstitutionality and its subsequent disallowance at Ottawa will not be soon forgotten. Had the Chinese evil been dealt with by competent men a measure could have been introduced here, as in Queensland, to meet it. Then the bungle made in the act providing for a redistribution of seats in the event of a vacancy at Kootenay and Cowichan, in only providing for a vacancy occasioned by death or resignation, which had to be remedied by an act the next session to meet the contingency of a general election, could only have been the result of gross neglect or dishonesty in the first instance, or perhaps both. This was followed by an attempt to extort 24 per cent. from *bona fide* settlers in respect of the unpaid purchase money due on Crown lands without giving a day's notice or a day's time; which unworthy and illegal attempt met with ignominious defeat at Ottawa, the act of parliament passed by a silent majority in furtherance of the nefarious scheme contemplated by this government being promptly disallowed. Following in its wake came the act passed by the silent majority aforesaid to levy additional tolls on the Cariboo road to the great detriment of miners and farmers in that district, and all at the instance of a legal pigmy who is inflated with the self-imposed title of "the miner's friend." Sufficient time has not yet elapsed for the disallowance of the acts of 1880 at Ottawa; but doubtless, judging from the fate that befel the acts of 1878 and 1879, many of them will be consigned to oblivion. The Judicature Act was one of the marked features of legislation of 1879. Every one knows how ignobly that has failed on account of the inability of the government to frame rules under it. The acts passed for the purpose of decreasing the cost of litigation have in some instances increased them fourfold in requiring all processes to be served and executed by a sheriff, in some instances on record at a ruinous charge to litigants. The attempt to wring usurious rates of interest upon overdue taxes is in keeping with a policy of oppression and meanness, and only requires to be opposed to be upset. The Lien Act was introduced to catch the workingman's vote, but, as recent court proceedings have shewn, is but a delusion and a snare; and a confiding mechanic relying on its provisions suddenly finds himself without remedy for recovery of his hard-earned wages and mulcted in law costs in a fruitless endeavor to uphold the act. The act requiring legal fees to be collected by means of stamps was entirely unnecessary in a sparsely populated country. Its provisions are annoying to those who have to work under them and public money to the extent at least of $1000 for machinery to put the act in operation is frittered away. An experimental act was passed in Ontario in lieu of an insolvent law is copied by the powers that be. In Ontario the act was prudently kept from operation on account of its transparent unconstitutionality. "Fools rush in where angels dare not tread," and our local magnates having no more appreciation of constitutional law than constitutional law has of them put the act in force having no idea whatever of the reasons which induced the Ontario government to withhold it. While acting thus recklessly they have apparently done one piece of harm that many wives and homeless children will remember them for, viz.: Without intending or knowing it they have probably swept away the homestead laws in the province.

We have referred to some of the most notable instances of legislative and judicial incapacity. Want of space forbids our further dealing with the subject, which might be continued *ad infinitum*. More harm in less time has certainly never in the annals of legislation been effected than by the present polity. We wish that the chapter ended here; but as our readers know, the matters before treated of are but venial in comparison with other and more serious defects. "Tom Anderson's" deathly deed remains unrequited and when it was sought to bring him to trial the depositions were left slumbering in a pigeon-hole a thousand miles away; and so he has enjoyed halcyon days for nearly three years at an expense of $40 per month and will almost certainly escape punishment in the end. JOHNSON, encouraged by the happy lot of his tribal friend, essays to share his joys and comforts and unfettered by the presence of constables (which the legislature says shall be appointed but the government says shall not) in cold blood murders a civil officer. JOHNSON'S deed remains unpunished although he has been tried and condemned to death, and it is questionable whether he can now be executed, the government having allowed the period fixed for execution to lapse without obtaining an extension of time. While the murders committed by "TOM ANDERSON" and "JOHNSON" are ringing in government ears, grand juries present the necessity of repairs to the Kamloops gaol, and civil servants apply for the augmentation of their staff and means to pay special constables on account of the threats and depredations of outlaws. Neither the presentation nor the request of the civil servants are complied with, and vouchers for the remuneration of special constables are returned unpaid; finally an invaluable civil officer is murdered and an industrious settler (KELLY) meets with the same fate. The murderers are taken, not through any efforts of the government, and at an expense of about $15,000 are brought to trial and justly condemned to death; but then it turns out that through more governmental blundering the trial has been a farce throughout, and after incurring other large legal expenses to support the trial, it is finally decided by the courts that through the neglect of the government to issue a commission, it is null and void, and but for the attitude of the judges the prisoners would have been discharged and ready now to commit further depredations. Finally, we have the foundation of the lawmaking power—the *status* of the legislature itself—seriously if not fatally jeopardized by the neglect of the government to renew the proclamation of prorogation, with the danger staring them full in the face of the entire work of next session—should they venture to convene the House—being declared unconstitutional! What remedy, the reader will ask, is it proposed to provide to guard against these frequent and disgraceful failures? An increase in the lawmaking strength of the House, at the earliest opportunity, by the election of one or more legal gentlemen of acknowledged ability and respectability to seats therein. In no other manner can the legislation of the country be rendered secure or the effects of bad legislation reduced to the minimum.

DELAYED DISPATCHES.

EUROPE.

DUBLIN, Sept. 29.—Parnell addressed the land league here. He commented favorably on a proposal to give tenant farmers a perpetual lease at a fair fixed rent, in the hope that in their position of rent charges landlords would be frequently induced to sell an interest to tenants.

PARIS, Sept. 29.—The papal nuncio has had a very courteous interview with Barthelemy St. Hiliare, minister of foreign affairs, and Jules Ferry, premier. The nuncio has not even hinted at the idea of quitting France.

ROME, Sept. 29.—Gen. Garbaldi and his son Menatta, have resigned their seats in the chamber of deputies.

GRAVOSA, Sept. 29.—Everything is at a standstill, pending instructions from the powers which cannot arrive for two days. The weather is still favorable for coast operations. The British consul has returned to Cettinje. A report that foreign consuls at Scutari had been arrested is totally unfounded. A plot has been discovered at Podgoritza for the surrender of that town to the Albanians. The principal Mohammedans there have been arrested including the prefect, at whose house comprising correspondence was seized.

VIENNA, Sept. 29.—Three more battalions of Turkish regulars landed at San Giovanni, in Medna, south of Dulcigno, bringing Riza Pasha's force up to 9000.

PARIS, Sept. 29.—Relating to the Dulcigno question the French commander has been ordered to abstain from all hostility.

BERLIN, Sept. 29.—The powers peremptorily demand of the Sultan the immediate recall of Riza Pasha and the surrrender of Dulcigno.

GRAVOSA, Sept. 29.—The general impression here is that unless unforseen events occur fleets of the powers will remain ten days longer.

BERLIN, Sept. 29.—England and Russia are urging the assembling of the international fleet before Stamboul.

AFGHANISTAN.

CANDAHAR, Sept. 29.—It is a mistake to suppose the country is completely pacified. There is a great impulse to fanaticism. The Mollahs are everywhere preaching a fresh rising and urging that the defeat of Ayoob Khan by General Roberts was owing to the reliance the Afghan leader placed on his regulars, and their desertion at the critical moment.

EASTERN STATES.

MANTITOMAC, Wis., Sept. 29.—Annie Stroker, who has been on trial for the murder of her employer, Miss Nancy Heywood, to day was visited by her mother, who, holding up the Catholic cross and adjuring her to tell the truth, got from her a confession of the murder, which confession she subsequently made in court. She said that Nancy scolded her and called her crazy on Sunday, which so exasperated her that she pushed her down on the floor and picking up an ax struck her on the neck and head, and finding her lifeless, dragged her out into the yard and concealed the body. The girl is only 17 years old and can neither read nor write.

WARSAW, Ind., Sept. 29.—Three weeks since, Annie P. Shaftin, daughter of a director in the First National Bank, secured $300 on a forged check. Her father immediately made the discovery and failing to keep her away from a married adventurer, thought best to have her arrested for forgery. Three days after being jailed, she confessed that G. L. Smith, a married man, was the forger. He was arrested, gave bail and since has been trying to secure bail for Annie, but failed. This afternoon he went to the jail, shot Annie dead and killed himself, devotion said to be the cause.

English Mail.

[Per Steamer Isabel.]

Sir Nathaniel Rothschield has remitted 20 per cent. of his tenant farmers' rents.

Messrs. Bertram & Roberts pay £20,000 a year for the privilege of supplying refreshments to the people who visit the Crystal Palace and grounds.

The missing boat of the American, which foundered off the West Cost of Africa on April 23, was landed at Loanda on July 21. It carried seven men and five bags of mails. Thus then of the officers, crew, and passengers of the foundered boat not one was lost. All the boats are accounted for, nor did a single death occur while they were drifting in mid ocean.

A farmer named Anstee, who lived near St. Albans, was murdered on the 22nd ult. About two o'clock he was disturbed by a noise outside the house, and went to his bed-room window to ascertain the cause. He was immediately shot through the head; and his murderer afterwards got through the window by means of a ladder and ransacked the place. A portion of the stolen property has been recovered, and two men have been arrested on suspicion.

It is announced that, after the lapse of a year and a half, the murderer of Mr. Anderson, of the Eastern Telegraph Company's station at Crete, has been discovered. The assassin appears to have been a Turkish peasant living in the mountains, and information having reached the authorities that his family had an English watch and chain in their possession, a clue was obtained, the arrest was made, and the man is now in gaol awaiting his trial and sentence.

During the past six months there has been a decided improvement in Clyde shipbuilding, with healthy prospects for the approaching winter. In September, 1879, the number of ships on the stocks in the thirty-four yards on the Clyde was 53 as against 96 now. The fact that there are 43 vessels more under contract than in September, 1879, does not really represent the full improvement. The vessels on the stocks are to a large extent of very heavy tonnage.

At a performance in Basle by a gymnastic society, a woman was killed by falling from a tight rope stretched sixty-five feet in the air. She was passing over the rope on a velocipede, from which a trapeze was suspended, on which a man performed. Rendered careless by repitition, the rider on the velocipede bent down to adjust a strap, lost her balance, and the machine turned over. The velocipede was itself secured to the rope, and thus the man on the trapeze escaped.

Particulars of the Murder of Lord Montmorris.

DUBLIN, Sept. 26.—Lord Montmorris was murdered on Saturday night in Rusheen, within a mile of Clonbur, County Galway. The scene of the assassination was a neck of land between Lough Mack and Lough Corrib. The Viscount attended a meeting of magistrates on Saturday at the court house of Clonbur and was seen to leave soon after eight o'clock. Half an hour after his horse and carriage arrived at his residence, a mile distant, without him. This aroused suspicion among the family and search having been made he was found lying on the side of the road in a pool of blood, lifeless. The police were at once sent for and the body was conveyed to Ebor Hall, the family seat. Lord Montmorris appears to have received one bullet in his head, penetrating the skull, three in the neck, and two in the body. Anyone of the six wounds was sufficient to cause his death. He was little known except in his own neighborhood; and through Mayo and Galway he had small estates which he farmed to some extent. He had fifteen tenants with whom he had most unhappy relations. Quite recently he obtained an ejectment decree against two of them. As a magistrate he was unpopular, and at the meeting of justices which he had been attending a resolution was passed calling upon the government to adopt coercive measures. A land meeting was held today near the spot where Lord Montmorris was murdered. Speakers disclaim any connection of the land league with the murder.

AN AUDACIOUS BURGLARY.

A Dwelling House Entered and an Iron Safe Carried off!

Early on Friday night the family of Mr. Charles Hayward, residing on Vancouver street, retired to rest. That they slept soundly and with easy consciences is attested by the fact that day had broken when they awoke—awoke to find that during the dark hours the house had been entered and the lower part ransacked by burglars without disturbing the inmates. Mr. and Mrs. Hayward slept on the first floor; the children occupying rooms upstairs. The robbers gained an entrance through a window on the first floor, which had been left unfastened. Having entered the room they seem to have struck a number of friction matches, numerous half-burned matches being found on the floors of all the downstairs rooms, until the apparent object of their visit, viz., an iron safe, had been found. This safe weighs about 150 pounds, and the rogues carried it to the window, lowered it into the garden and made off with it. In it were kept a number of private papers and the consternation of the family at the disappearance of the safe may be easily imagined. Before the loss had been ascertained at the house Mr. Dooley, of Goodacre & Dooley, while visiting the slaughter-house of the firm at the head of Yates street, came across the safe lying in a vacant lot, broken open and the papers scattered about on the ground. Recognizing the papers as Mr. Hayward's he proceeded to that gentleman's place of business and informed him of the discovery. Mr. Hayward put the telephone in requisition to his residence and Mrs. Hayward examined and reported that the safe was gone! A more audacious burglary was scarcely ever planned. The rascals were no novices, and it is strongly suspected that certain papers, and not money, were the objects of their visit. This and recent affairs of the kind are evidence that the police must use all their vigilance in unearthing any bad characters who may have taken up their residence here. They support Coun. McLean's contention that the city should have the undivided services of its police force.

ARRIVAL OF THE DAKOTA.—This steamship arrived at 2.15 p. m. yesterday from San Francisco which port she left on Wednesday last at 2.45 p. m., thus making the trip up in half an hour less than three days. She experienced light northerly winds and at 3 o'clock on Friday afternoon met the steamship Idaho bound south. At noon yesterday H. M. S. Triumph under steam was passed in the Straits of Fuca. The cargo of the Dakota consisted of 169 tons of freight for this port, 37 tons for Port Townsend, 139 tons for Seattle, 42 tons for Tacoma and 47 tons for Olympia. She will leave Esquimalt for Puget Sound at 6 o'clock this morning.

HARVEST THANKSGIVING SERVICES will be held at St. John's church to-day. In the morning commencing at 11 o'clock and in the evening at 7. The sermon in the evening will be preached by the Ven. Archdeacon Mason, M. A.

J. P.—W. Abel, Esq., is gazetted a justice of the peace for Lillooet and Cariboo.

Death of Mr. V. B. Tait.

By the arrival of the steamer Enterprise yesterday afternoon from New Westminster details were received relative to the death of Mr. V. B. Tait, postmaster, at that city. It appears that between 10 and 11 o'clock on Friday morning Mr. O'Hara, telegraph operator, went into the office occupied by the deceased to attend to an applicant for letters whom he observed coming up the steps. On entering, he found that Mr. Tait was standing at a table near the back of the room. After chatting for a few moments—Mr. Tait appearing to be in good spirits—Mr. O'Hara returned to his own office, and shortly afterwards went out to deliver some messages, leaving Mr. Tait alone in the building. When he returned, a gentleman was waiting at the wicket to pay in some money. Mr. Tait was not there. Just then the Western Slope, coming down river, blew her whistle, and thinking she might possibly have a mail, Mr. O'Hara went into Mr. Tait's quarters to see if he was there in order to tell him that the steamer was coming. Opening the door leading out of the office, he stepped into the hall, and through the half open parlor door he saw Mr. Tait's feet resting on the floor in such a position as to indicate that their owner was sitting upon the sofa. The blinds were all down, and the room in semi-darkness, so that at the first glance Mr. O'Hara thought that Mr. Tait had fallen asleep on the sofa. A second look, however, showed him that something was wrong, and stepping to the window he drew up the blind and revealed a ghastly sight. The upper portion of the unfortunate gentleman's head was literally shot away. The body was in a sitting position on the sofa, the shoulders and head resting against the wall. The left hand still grasped the barrel of a Snider rifle, whose butt rested on the floor, against the inside of the left foot, the stock lying between the knees. The head of the ramrod had been passed through the trigger guard, over the trigger, from right to left; the other end of the rod rested on the floor, just under the right hand, which had fallen by the side, and the toe of the right foot rested on the ramrod, close to the trigger guard.. All these circumstances point to the act as one of deliberate suicide. Coroner Trew held an inquest on the remains of the deceased and the jury returned an inquest of death from the effects of a gunshot wound. The sad affair has cast a gloom over the city where the deceased gentleman was held in esteem by a large circle of friends. The funeral will be conducted to-day by the Odd Fellows.

Will there be a General Election?

A rumor is rife of an early appeal to the country on the railway lands question. Another rumor runs to the effect that the return of the Lieut.-Governor from Comox was hastened by the peculiar position in which the government find themselves in consequence of their failure to further prorogue the House on the 9th September last. Much anxiety was noticeable in government circles during the past few days, and ministers were observed daily buttonholing some constituents and throwing little jobs in the way of others—to strengthen their faith, perhaps.

NEW WESTMINSTER ITEMS.—Mrs. Ferris, wife of W. D. Ferris, Esq., J.P., broke her left leg whilst stepping down the steep bank at North Arm. The fractured limb was set by Dr. Trew and the lady is now progressing favorably.... The steamer Cassiar reached New Westminster on Friday morning and will at once be placed on the route between that place and Yale.... Jno. Wiggins has been appointed constable and sworn in to protect life and property.... A rifle match, open to all comers, took place yesterday at the 200 and 400 yards ranges.... The steamer Wilson G. Hunt will make four more trips to complete the transport of rails from Nanaimo.... The *Herald* understands that the Pioneer line will shortly have under construction another river boat capable of carrying 350 tons of freight.... Telegraphic business between New Westminster and Yale went over the new section of line on Friday for the first time. It works well.

MUNICIPAL POLICE COURT.—At this Court yesterday, Chas. Wier, a character well known to the Police, was charged with burglariously entering the residence of Mrs. Petrie, Douglas street, on Thursday morning last. The prisoner was arrested on Friday morning by Officer O'Connor at a cabin on Humboldt street. No evidence was adduced against him yesterday, but the Police have good reason to believe that he is guilty of the offence with which he is charged. Shortly after he was arrested Officer O'Connor confronted him with Miss Petrie who stated that to the best of her belief he was the man who had entered her bedroom. He was subsequently ordered to take off his boots and being instructed to place his feet in the footprints near the house it was found that they exactly corresponded. The prisoner who was remanded for a week, previously served a term of imprisonment in the Nanaimo gaol.

THE SKAGET MINES.—Advices received here yesterday *via* Fort Hope from the Skaget miner are by no means favorable. On the 24th ult. at Ruby Creek hardly any work was going on and miners were leaving, allowing their wheels and pumps to remain where they had been erected. The Nip and Tuck claim has done next to nothing and the only ground below Panther Creek that is being worked is the Red Bluff Co.'s claim. Provisions that were packed in from Seattle are unsaleable even at 5 cents per lb. and vacant ground is considerably in excess of the extent last fall. The claim recently held by J. Walsh at the mouth of Ruby is abandoned and ground which on the 11th ult. yielded about $8 to the hand has since "petered out." On the whole the outlook is considered very gloomy.

MORE APPOINTMENTS.—The civil list is swelling—swelling after the fashion of a dropsical body. Another batch of appointments for Westminster district was gazetted yesterday, viz., Mr. Hughes to be government agent, and Mr. Warwick to be assistant government agent. Two years ago these appointments were cancelled as an unnecessary tax on the country.

FROM NEW WESTMINSTER.—The steamer Enterprise arrived here yesterday afternoon from New Westminster with the mainland mails and express, 53 head of cattle shipped by Messrs. Douglas and Allison, a quantity of miscellaneous produce and some 35 passengers.

BOYS' CLOTHING—SCOTCH HOUSE—A. McLEAN & Co. have received a large stock of Boys' Scotch Tweed Suits, which they offer at the lowest possible advance on cost. Also, a fine assortment of Boys' Wool Socks and Stockings, Under Shirts and Drawers and Superior Scotch made Over Shirts 50 cents. *

An Open Letter to the Finance Minister.

GRAVE CREEK, Sept. 17, 1880.

To R. Beaven, Minister of Finance:—

SIR,—On the 17th of April last I wrote you a rather sharp letter, it being a correct copy of the one published by me in *The Colonist*. I was in hope you would have come to your senses before now and settled with me, or, at the least, would have satisfied the public by answering it, either as an apology or contradiction; but finding you have done nothing at all it behoves me to refresh your memory.

If I remember rightly, there appeared in your organ (the *Standard*) a flimsy article stating there was nearly three thousand dollars not accounted for that had been collected in the Lillooet district, and it became you as finance minister to find out what had become of that amount.

It was also stated there was no account of the $1800 accounted for by me on June 17th, 1878, etc.

Now, sir, did you pen those articles yourself? If so, I think the reading of this letter will make you blush, if there is a blush left in you.

In your letter to me, 158-'79, dated June 10th, 1879, do you not commence with the following?

"Sir:—Referring to your letter of January 27th, 1879, enclosing two vouchers for your commission from August, 1876, to January 25th, 1879, I have the honor to return them to you herewith with the receipts cancelled, and to forward to you a corrected account for commissions, etc., for the period from 18th August, 1876, to 30th June, 1878, which you will be pleased to date and sign and return here," etc.

Now, sir, was not the correction strictly as follows:—

On the 27th January, 1879, I sent a voucher to the treasury through our government agent, Mr. O'Connor, for the amount of $7,619.16, amount of commissions thereon, $1,904.79, and the corrections made by you to amount collected, $7,627.88, commission thereon, $1906.97, thus plainly showing the correction to be $8.72 in my favor. Now let me ask you how you get at the figures $7627.88 without the $1800 accounted for by me and the $100 paid to me on the same date (hour and place the treasury) by Mr. Judson Young? Was not the amount I paid in $5,720.91? If I paid any more you will please let me know. A Siwash knows that $1906.97 and $5720.91 are $7627.88

Now, did you or any one else ever pay me any part of the $1906.97 other than the $100 received from Mr. Young? You dare not contradict this statement and you know the $6.97 is still due me on this voucher.

Now, for the second voucher: Your letter of the same date reads as follows:

"With regard to the rate of your commission from 30th June to 31st December, 1878, the amount collected by you, $5726.81, and for which you sent in a voucher for 20 per cent., which is herewith cancelled; that as by the amended acts in force whether a much lesser rate of commission would not be more appropriate," etc.

I must again ask how you get at the figures $5726.81 without the $1194 in school tax counterfoils handed in by me to Mr. O'Connor? It has answered your purpose to withhold these amounts from the public, but I will make you show them, and be glad that you can.

I must now take you back to December 31st, 1877. There you will find credited to me and this district $606. It will be plainly seen by the public that school-tax account stands as follows:

To 1200 school-tax receipts....	$3,600 00
Contra account.	
Dec. 31, 1876, by credit.....	$ 606 00
June 17, 1878, " at treasury	1,800 00
Nov. 25, " To Mr. O'Connor	1,194 00
Total.....	$3,600 00

NOTE.—Two of the receipts were cancelled and returned by me to the treasury, thereby showing a balance due me of six dollars.

Now, Mr. Beaven, what have you, or your organ the *Standard*, got to say to this statement? I may as well you that I have a few more of your letters to expose, which will be handed to the public in due course; but your letter dated March 22, 1880, and of which I know you have no copy (as it is not an official one) will be reserved to let the members deal with it on the floor of the House, because I do not think it any part of my duty to sign a false voucher, although you say it will not prejudice my account at the treasury.

The next act of the drama will be your notorious letter dated November 19th, 1879. Get ready for it.

I am, etc.,
EDWARD ALLEN.

Passengers on Board the S. S. Dakota.

The following passengers arrived yesterday per steamer Dakota. Mrs. M Cook, Mrs. M. Drake, Mrs. C. Gabriel, Mrs. G. Morison, J. Krimler, Lieut. S. Woodworth, U. S. N., T. Collyer, wife and infant, Captain and Mrs. Bosworth, F. McDonald, L. Bowman, Wm. Griffith, Ed. Bierce, E. McTigh, N. McKaye, Jno. Grant, Jno. Chevalier, Wm. Cameron.

The Island Railway.

It is reported that a telegram has been received and that it is unfavorable to the early construction of the Island railway. The government have telegraphed frequently within the past few days on the subject; but seem to have allowed the opportunity presented by the presence of the ministers in Ottawa to pass unimproved.

FROM PORTLAND.—The steamer California, Capt Carroll, arrived here at 9 o'clock yesterday morning from Portland *via* Neah Bay and Port Townsend having on board 177 tons of merchandise, consisting principally of flour, and several passengers for this city. She left Portland at 5 a. m. on Thursday last, experienced pleasant weather during the entire voyage, and will sail to-morrow morning for Fort Wrangel and Sitka for which ports she has some 15 tons of freight and the U. S. mails.

ANOTHER RAILROAD.—The New York *Times* of recent date prints an article headed "Another Great Railroad," giving the history of the Oregon Pacific Railroad Company and the plans of eastern capitalists to push it forward. It is proposed to go to work at once and finish the line from Corvallis to Yaquina Bay, and to construct 70 miles from Corvallis eastward, the entire 130 miles to be equipped and in running order by September 1, 1881. A line of steamers will then be put on to run from Yaquina Bay to San Francisco.

DEATH.—Mr. T. G. Askew of Chemainus died of consumption at the residence of Mr. J. P. Elford, Fort street, on Friday night. The funeral of the deceased takes place at 3 o'clock this afternoon.

Esquimalt Defences.

The contemplated dispatch of H. M. gunvessel Rocket to Honolulu has given rise to telegraphic correspondence with the British admiralty. It appears that an understanding exists between the Local, Dominion and Imperial governments by which it is provided that at least one warvessel shall always remain on this station. How essential such an arrangement is for the protection of life and property was only recently proven at Bella Bella, where the Indians plundered the stranded steamer Otter and only relinquished their booty when the Rocket appeared on the scene. It is said that the sudden return of his Excellency the Governor General from Comox was at the instance of the Local Government, who wished to send a telegraphic copy of an order in council on the subject to Downing street.

Gilbey's Wines and Spirits.

Ex the Rover of the Seas Mr. Henry Saunders, agent for British Columbia, has received a large consignment of wines, spirits, liqueurs, etc., from the world-renowned house of W. & A. Gilbey. The list of the late arrivals is published in this issue and a perusal will cause *connoisseurs* to smack their lips in anticipation. The wines and spirits exported by this celebrated firm are produced and bottled under the especial supervision of their agents, and may be relied on as being as represented. Some of the wines offered are 40 years of age!

YALE AND EMORY.—*Inland Sentinel*:—The chemical works for the production of giant powder between Emory and Yale will cost $20,000 and the buildings will be very extensive.... A lodge of Good Templars has been established at Yale.... Mr. Fraser, the newly-appointed postmaster at Yale has resigned, the salary being too small, and Mr. A. Lindsay, of Cariboo, will take the office with the addition of telegraph operator. Miss McClure, lately at Yale, goes to the New Westminster office.... Emory is improving rapidly.

ILLICIT STILL SEIZED.—Major Hayden, collector of U. S. internal revenue, recently visited the islands in this vicinity on the revenue cutter Oliver Wolcott and succeeded in discovering and seizing a 125 gallon still on San Juan Island on the property formerly designated as the English camp, which has lately fallen into the hands of an old Dutch squatter named Schneider.

RETURNED.—Amongst the passengers who arrived here yesterday from San Francisco on board the steamer Dakota was Mr. J. Kriemler who has been away from the province for about six years. Most of this time he has spent at San José de Guatamala where he has been successfully engaged in the coffee growing business. His old friends will give him a hearty welcome back.

N. W. SAVINGS BANK.—A gentleman will be dispatched from the savings bank here to New Westminster on Tuesday to take charge of the effects there belonging to the department, the late Mr. Tait having held the savings bank agency for that place.

AGRICULTURAL.—We are indebted to Mr. Bunster, M.P., for a copy of the report of the Tenant Farmers' Delegates to Canada last year, published by the authority of the Dominion government.

HOARDING.—A hoarding has been erected in front of the postoffice by the contractors. Would not a light convenience the public greatly?

ST. ANDREW'S CHURCH.—Rev. Mr. Duncan of the Metlakatlah Mission will preach in the St. Andrew's Church this evening.

THE story told by the alleged survivors of the barque Mathilde is doubted at San Francisco, and the men are looked upon as imposters.

SHIPPING rates on lumber from the Sound to San Francisco have advanced $2.50.

H. M. S. TRIUMPH left Esquimalt harbor under steam for Callao at 7.15 a. m. yesterday.

AUCTION.—Attention is called to the sale of furniture, library, etc., of Rev. H. H. Mogg, by Clarke & Co. to-morrow.

Princess Louise and Truth.

Truth says:—Almost every week I notice foolish and servile assertions that Princess Louise is delighted with Canada, and that anything to the contrary is a mischievous invention. That the Princess dislikes either the people or the country is false, but it is perfectly true that she very much dislikes her residence there, and it would be odd if she did not. An eminent Canadian said to me last week: "Of course she does, and everybody knows it and understands it; there is nothing to resent in the fact." The Princess is separated from her family, has none of her friends near her, and is inevitably altogether out of the Court "swim," which, to those who have been accustomed to a Court, is an intolerable deprivation. As to the visit of H. R. H. to this country, it was quite a sudden idea, and was resolved on after Prince Leopold's accident, and Her Majesty's command for his immediate return. I hear that the Queen has expressed her desire that the Princess should go back to Canada as soon after she returns from Germany as may be conveuient to her.

Falso Impression.

It is generally supposed by a certain class of citizens, who are not practical or experienced, that Dyspepsia can not invariably be cured, but we are pleased to say that GREEN'S AUGUST FLOWER has never, to our knowledge, failed to cure Dyspepsia and Liver Complaint in all its forms, such as Sour Stomach, Costiveness Sick Headache, palpitation of the Heart, low spirits, &c. &c. Out of 30 000 dozen bottles sold last year, not a single failure was reported, but thousands of complimentary letters received from Druggists of wonderful cures. Three doses will relieve any case. Try it. Sample Bottles 10 cents. Regular Sizes 75 cents. For sale by all Druggists. *

BOYS' CLOTHING.—W. & J. Wilson have just received an invoice of Boys' Suits, purchased at the salvage sale of the stock of Samuels Brothers, London. These Suits are made of Samuels Brothers' celebrated "Wear-resisting Fabrics," and as they were bought a great bargain W. & J. Wilson now offer them at less than 10 per cent. advance on Samuels Bros'. marked prices. *

Religious Intelligence.

Culture of the intellect without religion in the heart is only civilized barbarism and disguised animalism.—*Bunsen.*

The Marquis of Ripon, a Roman Catholic nobleman, has, as Governor-General of India, ordered all official work to cease on the Lord's day.

It is well known that the original word, commonly translated GOD, is plural, and that, when thus used, it is joined to singular verbs so that this grammatical anomaly, at the very opening of the Scriptures, seems intended to give us some intimation concerning that mystery, which is afterwards more fully revealed, namely, the plurality in the unity of the Godhead.

Were Christians in general all that they profess to be and ought to be, I doubt whether there would be need of offering any other evidence for Christianity than the lives of its disciples.—*Andre P. Peabody.*

The answers which Truth gives to a man depend very much upon the questions which he puts to Truth; the manner in which he puts his questions depends very much upon the principles which rule his life.

Dr. Marryot, after he was somewhat advanced in youth, committed to memory Job, Psalms, Proverbs Ecclesiastes, Isaiah, Jeremiah, all the minor prophets, every one of the epistles, and the book of Revelation; and that he might retain them he repeated them from recollection once every year; and probaly one design was that they might occupy the place of those thoughts which would have an evil tendency.—*Buck.*

A lady on one occasion said to Mr. Wesley, "Supposing you were to know that you would die at twelve o'clock to-morrow night, how would you spend the intervening time?" "Why, just as I intend to spend it," said he. "I should preach to-night at Gloucester, and again to-morrow morning. After that, I would ride to Tewkesbury, preach in the afternoon, and meet the society in the evening. I should then repair to my friend Martin's house, as he expects to entertain me; converse and pray with the family; retire to my room at ten o'clock, commend myself to my heavenly Father; lie down to rest, and wake up in glory."

The reform of foreign Churches, and the attitude of the Church of England toward them, is one of the subjects to be discussed in the approaching Church Congress in England.

The truth cannot be burned, beheaded, or crucified. A lie on the throne is a lie still' and truth in a dungeon is truth still, and the lie on the throne is on the way to defeat, and truth in the dungeon is on the way to victory. No accidents of position can change the essential nature of things, or the eternal laws which determine their destinies—*Wm. Mckinsley.*

Against the strongest skeptical tendencies, against the authority of all our theologies, the Spirit of Truth is bound to win its way and become the all-commanding incentive in all investigations, whether scientific or religious. And then it will be seen that no pride of opinion, no private or party interest, can afford any satisfaction to be compared with the delight of seeing things as they are.—*William Henry Furness.*

The Bishop of Manchester, preaching at the cathedral recently, referred to the Burials Bill. He said he did not believe that any Church ever perished or ever came into any appreciable harm by making reasonable concessions in a spirit of tolerance and charity Never were a Church's days more surely numbered if she were content to entrench herself on rights and privileges which were never generous and had now become intolerable.

A Complete Cure.

102 BAGG ST., Detroit, Mich., July 11, 1879.

H. H. WARNER & Co., Rochester, N.Y.

GENTLEMEN:—About five years since I was taken with an affliction of the liver, which gradually developed itself into chronic liver complaint. I tried numerous remedies without receiving any benefit, and I gave up all hope of ever being restored to sound health, when a friend recommended me to try Warner's Safe Kidney and Liver Cure. I procured it, and, strange to relate, after using two bottles, felt my system undergoing a great change, which ended in a complete cure, and I have had no return of the disease since. Very respectfully yours,

7 E. W. NEFF.

Holiday Presents.

Make your wife a present of a cooking stove or range manufactured at the Albion Iron Works, and you are bound to have a Christmas and New Year's dinner worth eating.

They are the pride of every household and when you go home to your meals, your wife will meet you with a smile and a well-cooked meal.

These are the only stoves that contribute to domestic happiness.

Testimonials without number.

The Title of "Singer" a Trade Mark.

When the Singer sewing machine patents expired in 1877 a number of companies were formed to manufacture "Singer" machines, a prefix being usually added as "New York Singer;" but an Ohio Court has just decided that the word "Singer" is a trade-mark in whose use the courts will protect the original company. A like case has been carried to the House of Lords in England and decided in favor of the Singer Company.—*S. F. Bulletin, Aug. 25.* *

To the Public.

The public is perhaps not aware why the eight *English* Companies doing business here have suddenly become so patriotic as to publish ("purporting") departmental reports of Canada and paying for them out of their own pockets. When the "PHENIX" of Brooklyn had done business here about a fortnight we received a letter signed by H. S. Mason, Secretary of the eight companies who have hitherto done business here, to adopt the minimum rates. This we declined to do on behalf of the Phenix. Next morning and ever since the papers have been flooded with insurance information which nobody asked for, and which was only put in to prevent people insuring in the Phenix and keep up the high rates hitherto ruling here. As the matter is pretty well ventilated now we wish to inform the public that our Victoria rates are:—*For isolated dwellings ½ per cent. a year or 1½ per cent. for three years,* exclusive of city tax,—just half the rate charged for the same risk by the eight companies represented by Mr. Mason.

That the PHENIX stands very high as an honorable company we publish a letter received, unsolicited, from an American fire office in San Francisco.

"We note your advice to the Fire Department of having taken the agency of the PHENIX of Brooklyn, New York. It is a *first class company* and you will do doubtless a good business for it. We regret for ourselves that there will be a probable cessation of risks from your quarter, but are glad for your sake that so good a company has come your way and wish you lots of luck with it. Yours truly,

"W. J. DUTTON,

"Asst. Sec. Fireman's Fund Ins. Co."

The PHENIX has got a *Cash Capital of $2,532,669*, which is more than the insured value of all the property in British Columbia, hence there is absolute security. A deposit of $104,000 is made with the Dominion Government.

We have authority to settle all losses in Victoria, and promptly, too, not like one of the advertising companies, which took 3 months to pay a loss incurred less than 2 years ago.

REMARKABLE RESULTS FOLLOW.—Pain ceases, swellings subside ver abates, and a natural and healthy state exists after using this great and wonderful preparation known as Thomas' Eclectric Oil. Thousands testify to the happiness resulting from the use of this preparation. Why not procure a bottle at once? The cost is trifling, and effect sure. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents' worth has cured an old standing cough. It positively cures catarrh, asthma and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts, which, we think, should be sufficient to satisfy the most sceptical:

Thomas Robinson, Farnham Centre, writes: "I have been afflicted with Rheumatism for the last ten years, and have tried many remedies without any relief, until I tried 'DR. THOMAS' ECLECTRIC OIL,' and since then have had no attack of it. I would recommend it to all."

See what the Medical Faculty say: Dr. Beaudoin, Hull, P. Q., says: "I have sold 'Thomas' Eclectric Oil' for two years, and I have never sold a medicine which has given me more thorough satisfaction. I have used it in my own case on a broken leg and dislocated ankle, with the best results."

A. H. Gregg, Manufacturer of Mowing Machines, Truemansburg, N. Y., says:—"My thumb was caught in a machine and badly injured, being away from home, for two days, was obliged to apply such remedies as I could get, but without relieving the pain. Immediately upon reaching home I applied the ECLECTRIC OIL, with almost instant relief. I have a large number of men employed, and your Oil has established for itself such a reputation that nearly every one of them keeps it."

It is composed of SIX OF THE BEST OILS THAT ARE KNOWN. Is as good for internal as for external use, and is believed to be immeasurably superior to anything ever made. Will save you much suffering and many dollars of expense.

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas* is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and *Take no other.* Sold by all medicine dealers. Price 25 cents. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

NOTE.—*Eclectric*—Selected and Electrized.

Dyspepsia Cured.

ROCHESTER, N.Y., Oct. 5, 1879.

H. H. WARNER & Co.—Gents:—I have for some time past been afflicted with dyspepsya from which I could obtain no permanent relief until I used your Safe Bitters and Pills; and since using them I have had no trouble from my former complaint, and I can now truly say that I am a well man.

I am gratefully yours,
